

# GEMSREMOVER UNIVERSAL STAIN

WINE, COFFE AND GENERAL  
STAINS REMOVER

## TECHNICAL DATA SHEET

### PRODUCT DESCRIPTION

GemsRemover UniversalStain is a water-based blend of oxidizing agents and absorbent fillers suitable for removing coffee, wine, nicotine and other stains from surfaces: tables, kitchen tops, bar tops, floors, in polished granite marble. You get a quick elimination of fresh or superficial stains even with a single application of stain remover; for old or very deep stains, repeated applications are necessary.

All operations involving contact with the product must be carried out after being equipped with suitable protective equipment in particular for the eyes and hands, then goggles and rubber gloves. The product is ready for use.

### STORAGE

If stored in dry and cool condition (5-25°C/41-77°F) in its closed original container at least 12 months from production. Use open containers as quick as possible.

### HEALTH & SAFETY

Read Safety Data Sheet before handling or using this product.

### APPLICATION

Shake the bottle vigorously to homogenize the product content then pour on the stain to be removed the amount necessary to completely cover it; leave to act for about an hour then remove the residue with a damp cloth. Repeat the operation until the stain is completely removed. Do not leave the product in contact with the stone surface for more than an hour. It is not possible to indicate a possible quantity of use as there are many problems which may be faced.

### IMPORTANT NOTICE

The above information is based on the latest stage of development and application technology. Due to a multiplicity of different influencing factors, this information, as well as other oral or written technical advises, must be considered as non-binding hints.

The user is obliged in each particular case to conduct performance tests, including but not limited to trails of the product, in an inconspicuous area or fabrication of a sample piece.
